

TASC releases MyTASC Mobile App 3.0 for FlexSystem Participants

New 3.0 Features:

- View MyCash balance and transaction history.
- View FlexSystem balances for active and closing plans.
- View plan information and eligibility dates.
- View contribution totals and election amounts.
- View previously submitted claim details.

www.tasconline.com/mobile

Original features still available:

- Submit a request for reimbursement for out-of-pocket FSA expenses.
- Submit substantiation for eligible purchases.
- Secure log-in with MyTASC username and password.
- Log-in memory for faster access.
- **Free download** from Apple iStore® and Android Market™ for a smartphone or tablet.

For more information or to download the app, visit www.tasconline.com/mobile.

Availability Note:

Android™ users will typically have access to the updated version of the MyTASC Mobile Application on the same day as our communication/announcement.

Apple® users (iPhone, iPad, iTouch) may experience a delay of 5-7 days due to Apple's application review process. All current MyTASC Mobile App users should receive an automatic update notification on their mobile devices within a week of our communication.
